MORALE OF CREWS:

Crews continue to do well. The numerous bus problems frustrate the crew and their ability to get on the line, and they are eager to work.

INJURIES:

No serious or major injuries; some minor blisters, sore feet and muscles.

MESSAGES:

C-7, Job Corps, had bus issues again. Their bus broke down (water in the oil), but they made it back to ICP. The ground crew and operations were working on getting a replacement bus, but this would delay their work assignment in the morning. C-5, C-6, and C-72 are assigned to a spike camp.

We did receive confirmation on demob dates. Demob will be on Saturday 08/29 and RON in Boise. The module flies out of Boise at 0900 on Sunday 08/30 arriving at Fort Smith at 1220 central time. Elmer will continue to confirm demo and the return from Fort Smith to home units.
